

WORLD DISCOVERIES™

Moving Research To Market

INNOVATE WITH US:

World class research can lead to world class opportunity.

Partner with WORLDDiscoveries™ and our Business Development Managers will guide you through the ins and outs of converting your research into beneficial and potentially lucrative products and services.

ABOUT US:

WORLDDiscoveries™ is the Business Development arm of London's extensive research network and the bridge between local invention and global industry.

To assist you, we'll draw upon our mix of industry connections, sector-specific market knowledge and business development expertise.

The WORLDDiscoveries™ team will help you:

- protect your intellectual property
- determine the value of your invention
- secure early-stage funding
- conceptualize your product
- connect with industry
- negotiate a fair return for your invention
- turn your invention into a spin-off company

FAST FACTS:

Over the past three years, we've racked up these impressive statistics:

- nearly \$13.7 million in licensing revenues (#3 in Canada)
- 11 new spin-off companies (#1 in Canada)
- 50 new patent applications

The WORLDDiscoveries™ partners:

The research institute of London Health Sciences Centre and St. Joseph's Health Care, London.
